

**Getting to the Waterfall (No dogs allowed on State Park trails, even with a leash.)**

- Shortest: Lower Canyon .5 miles round trip. Some stairs, 80-foot elevation change.**  
 Park on Adobe canyon road – ¼ miles past the green gate at the park entrance. There are three gravel pullouts on the creek-side of the road (**P** on map). Look for Canyon Trail. Pink route on Map. 20 minutes.
- Middle: Upper Canyon. 1-mile round trip. Steep trail with stairs. 400 foot elevation change.**  
 Park at Upper Canyon Lot. 300 yards before entry kiosk or in the main park and walk down road past kiosk. Take Canyon trail across from parking lot and drop down to waterfall. Retrace steps from waterfall. Yellow route on the map. 30 minutes.
- Canyon-Pony Gate Loop (Waterfall Hike): 2 miles round trip with 450 ft elevation gain.**  
 We recommend going down Pony Gate and Back up Canyon and the arrows and hike descriptions depict this route. Blue, pink and yellow on the map. Includes creek crossing, which can be dangerous if the water is high. 60 minutes.

There are three ways to begin the Pony Gate / Canyon loop, **a**) from the Canyon parking lot, 300 yards below the Entry kiosk. Pony Gate trail starts at the upper corner of Canyon Parking lot. **b**) The trailhead across from the kiosk on the side of the flagpole or **c**) on Stern Trail, the gravel road opposite the Visitor Center. Blue arrows will indicate which way to go at each trail intersection. To get to the second part of the loop, Canyon trail, you must cross the Adobe Canyon Road, and look for Canyon trail, about 30 yards downhill from Pony Gate.

Sugarloaf Ridge State Park  
Operated by Sonoma Ecology Center & Managed by Team Sugarloaf  
2605 Adobe Canyon Road, Kenwood, CA 95452 707-833-5712
